

# KEC Corporation

## Declaration of RoHS Compliance

KEC Corporation declares that all products, parts and packing material conform to the requirements of the European Union's restriction of the use of certain hazardous substances RoHS Directive 2015/863/EU.

However KEC is not related about CE Marking. It is just semiconductor device supplier. It doesn't make End set product.

And all of our products, parts and packing material are compliant with the EU REACH SVHC substances that the restricted substances are present the specified maximum concentration value by weight in homogenous materials. Some products may contain lead(Pb) in applications for RoHS Directive exemptions.

Table 1. Hazardous Substances restricted by RoHS directive(Remark)

Material/Substance	Threshold Level
Cadmium(Cd) and its compounds	100 ppm or Intentionally added
Lead (Pb) and its compounds	1000 ppm or Intentionally added
Mercury(Hg) and its compounds	1000 ppm or Intentionally added
Hexavalent chromium (Cr <sub>6+</sub> ) and its compounds	1000 ppm or Intentionally added
Polybrominated biphenyls (PBBs)	1000 ppm or Intentionally added
Polybrominated diphenyl ethers (PBDEs)	1000 ppm or Intentionally added
Butyl benzyl phthalate (BBP) (CAS 85-68-7)	1000 ppm or Intentionally added
Di(2-ethylhexyl)phthalate (DEHP) (CAS 117-81-7)	1000 ppm or Intentionally added
Dibutylphthalate (DBP)(CAS 84-74-2)	1000 ppm or Intentionally added
Diisobutyl phthalate(DIBP) (CAS 84-69-5)	1000 ppm or Intentionally added

### Remarks:

Items listed as exemption in the RoHS directive are not restricted by the threshold limit in Table 1. Refer to the regulations in the European Directive 2015/863/EU (RoHS Recast) for details on the exemptions
